PRESCHOOL DISABILITIES PROGRAM

Little Falls resident parents/guardians who notice any special problems in their child's development, including: fine and gross motor development, speech and language development, acquisition of age-appropriate cognitive skills, or other significant developmental delays, should contact the Special Services Office at 973-812-9512 x3405 to request a Child Study Team evaluation. The Child Study Team, parents, and other teaching staff members, as required by law, will meet to determine whether an evaluation is warranted, and if warranted, determine the nature and scope of the evaluation, according to the requirements of New Jersey Administrative Code 6A-:14. If, upon conclusion of the evaluation, an eligibility determination is made, an appropriate educational program is provided by the Little Falls School District. These services are available to preschool children who will be turning three, through five years of age.

ENTRANCE REQUIREMENTS: AGE

A child may be enrolled in Kindergarten who will be five years of age on or before October 1 of that school year. Proof of age shall be presented for examination at the time a child is enrolled.

ABSENCE VERIFICATION PROGRAM GUIDELINES

The Little Falls Schools conduct a mandatory "**ABSENCE VERIFICATION PROGRAM**" designed to make it more efficient and easier to report your child's absence. This program provides a dedicated telephone line in each school that is available for your use twenty-four hours a day.

In order to facilitate this process, cooperation between the school Absence Verification Officers and parents is necessary. The safety benefits of the program will be lost if parents do not follow the guidelines and call us at the appropriate time. This program is not a truancy program. It is a safety procedure and we urge all parents to give us their cooperation by making the calls promptly and conscientiously. For your convenience, the guidelines for our Absence Verification Program are noted below. **Please keep these instructions and telephone numbers for future reference.**

LITTLE FALLS SCHOOLS ABSENCE VERIFICATION PROGRAM GUIDELINES

The Absence Verification Program call numbers are noted below:

School #1 – 973-256-1033

School #2 – 973-256-1386

School #3 – 973-812-9512

*Please note these numbers are the school's telephone numbers. Please follow the prompt messages.

The voice mail system will be in operation **twenty-four hours a day**. If your child/children will be absent on the next day of school, call the absence verification number and report the following information in the order in which it is given below. **Parents are requested to call before 8:30 a.m.**

When you call you will hear a voice that will say: "Absence Verification Program."

After the beep, please state:

- a. Grade
- b. Child's first and last name
- c. Duration of absence
- d. Reason for absence, date(s) of absence

In the case of a multiple absence that continues beyond the dates that you have given, you should call the absence verification number for your child's school and report the continuation of the absence. A note is still required upon return of your child to school as attendance verification. Please be reminded that messages must be from the parent or legal guardian, as student messages continue to be unacceptable.

Do not leave any other message on the voice mail. If you have not called and your child is absent, Mrs. Hamilton, Mrs. Steinman, or Mrs. Abboud, our Absence Verification Officers, will then call you at home or business to verify the absence. We will continue to call until 10:00 a.m. If we cannot verify the whereabouts of your child by this time, we will telephone the Little Falls Police Department to report that your child is missing and ask them to investigate.

LATE ARRIVAL AND EARLY DISMISSAL - see Policy 5230

It is necessary that a pupil be in attendance throughout the school day in order to benefit fully from the educational program of the district. The Board of Education recognizes, however, that from time to time compelling circumstances will require that a pupil be late to school or dismissed before the end of the school day. A pupil may be excused during the school session for good cause acceptable to the principal, and approved by him/her on receipt of a signed request from the parent or guardian. The excuse requests shall be kept on file in the principal's office. Any pupil who is reporting late to school must report to the principal's office. A note regarding the late arrival, signed by the parent/guardian, must be presented upon arrival. Chronic lateness of an unacceptable nature will result in disciplinary consequences. No pupil shall be permitted to leave the school before the close of the school day unless met in the school office by a parent or a person authorized by the parents to act on his/her behalf.

5200- ATTENDANCE

In accordance with the provisions of N.J.S.A. 18A:38-25, every parent, guardian, or other person having control and custody of a child between the ages of six and sixteen shall cause the child to regularly attend school. The Board of Education requires students enrolled in the school district attend school regularly in accordance with the laws of the State.

In accordance with the provisions of N.J.A.C. 6A:16-7.6 and for the purposes of this Policy and Regulation 5200, a student's absence from school will be excused, or unexcused that counts toward truancy.

Students that are absent from school for any reason are responsible for the completion of assignments missed because of their absence. A student who is absent from school for observing a religious holiday shall not be deprived of any award, eligibility, or opportunity to compete for any award, or deprived of the right to take an alternate test or examination that was missed because of the absence provided there is a written excuse of such absence signed by the parent.

Prolonged or repeated absences, excused or unexcused, from school or from class, deprive students of the educational and classroom experiences deemed essential to learning and may result in retention at grade level or loss of credit or removal from a course that would count toward the high school diploma in accordance with policies of this Board.

Students shall be subjected to the school district's response for unexcused absences that count toward truancy during the school year as outlined in N.J.A.C. 6A:16-7.6(a)4 and Regulation 5200.

Unexcused absences from school or from classes within the school day may subject a student to consequences that may include the denial of a student's participation in co-curricular activities and/or athletic competition. Repeated absences from school interfere with efforts of this Board and its staff in the maintenance of good order and the continuity of classroom instruction and such absences may result in the removal of the student from a class or course of study.

The Superintendent shall calculate and monitor the average daily attendance rate for the district and for each school in the district. Whenever the average daily attendance rate does not meet the New Jersey Department of Education requirements the Superintendent or designee shall develop a district improvement plan to improve student attendance pursuant to N.J.A.C. 6A:30-5.2.

Students in Grades **K-2** shall not be expelled from school, except as provided pursuant to the "Zero Tolerance for Guns Act," P.L. 1995. **K-2** students shall not receive an out-of-school suspension, except when the suspension is based on conduct that is of a violent or sexual nature and endangers others. Students in preschool shall not be suspended and shall not be expelled, except as provided pursuant to the "Zero Tolerance for Guns Act," P.L. 1995.

Note: An out-of-school suspended student is prohibited from attending classes or school sponsored activities and may not appear on school grounds. These rules and the District code of conduct provide a framework for expected and appropriate behavior for ALL of our students. Teachers will review and model the school rules as they establish classroom rules at the start of the school year. In addition the children will be asked to sign a behavior contract, pledging to do their best to follow these rules. Be sure to review these rules at home with your child at different times during the school year. The goal is to help the children understand and internalize the high expectations we ALL hold for behavior and academic work. All faculty and staff will ensure that these rules are followed in the classrooms, hallways, cafeteria and playground of Little Falls School No 2. We appreciate the support we get from home as we work together to help our young students learn and display appropriate social and learning behaviors. Our goal is to maintain the safe, calm and caring feeling of the school at all times.

PUPIL PROGRESS REPORTS

The Board of Education believes that the cooperation of school and home is a vital ingredient to the growth and education of the total child. The Board recognizes its responsibility to keep parents informed of pupil welfare and progress in school.

The Little Falls Schools provide a system of reporting pupil progress which shall include report cards and parent conferences with teachers in Grades Kindergarten through Eight.

The teaching staff will insure that both the pupil and parents/guardians receive ample warning of a pending grade of "failure."

Report cards will be sent home at various intervals during the school year, consisting of three of four marking periods depending upon the school your child is in.

HOMEWORK

The Board of Education acknowledges the educational validity of work assigned to pupils for completion outside the classroom as an adjunct to and extension and follow-up of the instructional program of the schools.

The emphasis in homework assignments should be placed on the value of the assignment for the individual child with due consideration to:

1. Strengthening basic skills
2. Extending classroom learning
3. Stimulating and furthering interests
4. Reinforcing independent study skills
5. Developing initiative, responsibility and self-direction

Homework is an essential part of our school; it is considered in determining a pupil's progress report grades.

STUDENT RECORDS

The policy of the Board of Education as authorized by NJSA 18A:36-19; NJAC 6:3.1-2.6 allows parents and legal guardians access to pupil records. If you would like to review your child's school records, please call your child's principal to arrange a mutually convenient appointment. Child Study Team records are kept in the Office of the Supervisor of Special Services with copies secured in other appropriate locations in School #1, School #2, and School #3.

COMMUNITY INVOLVEMENT FOR TITLE IV

Additional efforts are coordinated through the support of a Student Assistance Counselor from Passaic Valley Regional High School who works in consultation with our staff. District services to students will be coordinated among local law enforcement agencies, LEAD program officers, the Passaic County Council on Alcoholism and Drug Abuse Prevention, the Child Assault Program, and the Little Falls Municipal Alliance to initiate both student and parent workshops to disseminate relevant information and address community-wide goals for drug abuse and violence prevention.

GIFTED AND TALENTED PROGRAM

The Gifted and Talented Program provides identified students with a broad range of learning experiences and opportunities in all subject matters in order to build the well rounded student. Gifted students are those with an exceptional talent who perform or show the potential for performing at extraordinarily high levels of accomplishment when compared with others their age. Assessments are conducted at the end of 3rd and 6th grade to evaluate each student's eligibility and determine individual's program entry and exit. Our Gifted and Talented Curriculum is a living curriculum that is often determined by the learner and their interests and special talents that is then tailored to the needs of the students.

The Gifted and Talented students work with the VEX Robotics, NAO Robot programming, STEAM activities, computer coding,, mock trials, picture book writing, the list is endless and knows no boundaries. If the students have an interest we provide the tools and resources for them to grow and explore. The students also take part in activities and events such as the Law Fair, the Buehler Challenger and Science Center, Symposium for the Arts, Montclair University outreach program as well as participating in Passaic County Gifted and Talented events. The events are part of the Passaic County Gifted and Talented Consortium where they compete in such things as Quiz Bowls, Battle of the Books, Geography Bees, Math Day, Technology Day and STEAM Days.

HOME INSTRUCTION

Home Instruction will be provided to those students whose absences for an illness exceed ten consecutive school days. A doctor's note stating the approximate duration of the illness must accompany all requests for this service.

Home Instruction will be provided for a minimum of five hours per week and up to 10 hours for a classified student, generally distributed over a three day period of time. A certified teacher will deliver these services in cooperation with the classroom teacher who will provide materials.

Parents/Guardians should contact the Supervisor of Special Services should the service become necessary.

SERVICES UNDER SECTION 504

Section 504 is part of the Rehabilitation Act of 1973, which applies to all persons with disability. A student who may potentially qualify for a 504 plan must have a mental, or physical impairment, which substantially limits one or more of a student's major life activities. Common examples include, but are not limited to, such things as communicable diseases (HIV,TB), medical conditions (Attention Deficit Hyperactivity Disorder, asthma, allergies, diabetes,heart disease, seizure disorders, traumatic brain injury, etc.), temporary medical conditions due to illness or accident, and psychological disorders.

If you believe that your child may need special accommodations or services in the regular classroom in order to participate in the day-to-day school program, the District will consider the medical diagnosis, and evaluate the student's condition and reach a determination as to whether the student is eligible under the 504 Guidelines. Students do not need to be classified in order to receive services, as Section 504 falls under the responsibility of the regular education program. If you have any questions regarding Section 504 services or procedures, please contact your child's building principal.

STANDARDIZED TESTING PROGRAM

In order to evaluate our curriculum and the success of our students in achieving our program goals, it is necessary to administer various standardized tests during the school year. The listing of particular tests, grade levels, and times of year for administration can be found on the district calendar section on the website. It is important that all students be involved in the testing programs, and parents are asked to schedule medical and dental appointments, etc. around these dates since these tests are usually administered over a number of days. All testing program results are evaluated and the results are used to help improve our general school program. They are also used to evaluate individual pupil needs and growth. Individual results of these tests will be shared with parents during the school year.

FAMILY LIFE EDUCATION

The Little Falls Public Schools provide a Family Life Education Curriculum in Grades K-8. This curriculum is sequential in structure and utilizes materials found in the Health and Science Programs.

Parents/Guardians not wishing to have their child participate in this program may complete a form obtainable through the office of the building principals. Parents wishing to view the materials incorporated in the Family Life Curriculum may do so by contacting the office of their child's principal.

SCHOOL CLOSING

During inclement weather schools may be closed for the day. In case of school closings due to inclement weather, the following procedures will be followed:

1. Automated phone message
2. Posted on District web page www.lfschools.org
3. Posted on District Twitter Page

In case of any other unusual emergency which would require the closing of schools, we will use the Realtime Notification System.

EARLY CLOSING DURING SCHOOL DAY

In case of an unusual emergency (hazardous weather conditions, heating problems, etc.), it might be necessary to send your child home from school early. This would only take place on a rare occasion, if needed. You should advise your child of a procedure to follow during these emergencies. Also, please complete the form sent home by the school listing addresses and phone numbers etc. of individuals that should be contacted. Arrangements of this nature are the responsibility of the parent since bus assignments and stops will remain the same. Please be certain that the emergency procedures you review with your child are consistent with the information provided on the form mentioned above. Review procedures periodically. If there are any changes in the information, please notify the school. In the event of an emergency closing during the day, we will use the Realtime Notification System. Therefore, there should be no need for parents to call the school. To receive this call you must fill out the form which will be provided at the beginning of the school year.

DELAYED OPENING PROCEDURE

1. If there are ice and/or snow conditions which are considered hazardous to such an extent as to seriously hinder the opening of school, parents and staff will be notified of a 1 hour delayed opening in the same manner as a school closing.
2. In a delayed opening situation, all staff should report one and a half hours (90 minutes) later than their regularly scheduled time. School buses will arrive at stops approximately one and a half hours (90 minutes) later than their regularly scheduled time.
3. If a delayed opening is scheduled and there is no significant improvement in weather conditions, the announcement to delay the opening of school may be changed to the closing of school through the usual channels which include the phone chain and radio announcements.
3. There will be **no Preschool AM** class during a delayed opening.
4. If a delayed opening occurs and weather conditions deteriorate while school is in session, procedures for an early closing may be implemented.
5. **Please note:** If school is open and the parent/guardian elects to keep his/her child home at their own discretion, he/she should follow all the normal procedures for reporting absenteeism. When a student returns to school following any lateness or absence, a note must be sent to the child's homeroom teacher explaining the reason for lateness or absence.

SCHOOL NO. 3

Early Morning Drop Off is provided at 8:05 am until the opening of school at 8:40. Parents who drop their children off at school in the morning should drop them off by the gate cutouts on Garrabrant Avenue only. Parents are not to drive their vehicle on the playground as this area is off limits to cars because our students play in this area. For special events held during the day or at night, parents and visitors are able to park on the playground as limited parking is available in the surrounding streets to accommodate large numbers of cars. For all other visits to School No. 3, parking is restricted to the streets surrounding the school in appropriately marked areas. For dismissal, please park on surrounding streets, walk to the dismissal door and wait for your child to be released to you.

FIELD TRIPS

The Little Falls Schools utilize field trips as a valuable extension of its curriculum. Field trips are carefully planned and integrated with the curriculum. Such trips supplement and enrich classroom instruction by providing experiences in an environment outside the classroom. Pupils on field trips remain under the supervision of the Board of Education and are subject to its rules and regulations. Students are not excused from school on class trip days. Permission slips are sent home relative to each trip. These permission slips must be signed by the parent/guardian before the pupil is permitted to participate in the field trip experience. The Board may authorize field trips for which all or part of the costs are born by the pupil's parents or guardian, except that no pupil in a special education class or pupil unable to pay the costs assessed shall be prohibited from attending a field trip.

PUPIL RIGHT TO PRIVACY

The Board of Education recognizes that a pupil's right to privacy may not be violated by unreasonable search and seizure and directs that no pupil be searched without reason or in an unreasonable manner. In order to protect your child and to assure his/her well-being, the school authorities reserve the right to search students' lockers, desks, etc., as per Little Falls Board of Education Policy. While we do not anticipate the need to conduct searches, it is important for students and parents to be aware that lockers, desks, etc., are, in fact, school property and not the property of the individual student.

HEALTH EXAMINATIONS

New students entering the school district must have a physical exam done not more than 365 days prior to entry into the district. Tuberculosis testing may also be done as in accordance with New Jersey State law.

The Little Falls School District recommends the importance of a physical examination at least once during each of the student's developmental stages:

Early childhood (Preschool through Grade 3)

Pre-adolescence (Grades 4 through 6)

Adolescence (Grades 7 through 12)

A school employee trained in scoliosis screening shall examine every pupil between the ages of 10 and 18 biannually for scoliosis. As part of the health service program, all pupils will be screened for vision, hearing and BP. All health needs identified during the examinations are reported to the parents or guardians.

DRESS AND GROOMING

The Board of Education recognizes that each pupil's mode of dress and grooming is a manifestation of personal style and individual preference. The Board will not interfere with the right of pupils and their parents to make decisions regarding the pupil's appearance except when their choices affect the educational program of the schools.

The Board authorizes the Superintendent to enforce school regulations prohibiting pupil dress or grooming practices which:

1. Present a hazard to the health or safety of the pupil himself/herself or to others in the school.
2. Materially interfere with school work, create disorder, or disrupt the educational program.
3. Cause excessive wear or damage on school property.
4. Prevent the pupil from achieving his/her educational objectives because of blocked vision or restricted movement.

Pupils in an unsatisfactory state of personal hygiene, or in an unsatisfactory or distracting condition of dress, grooming or cleanliness, shall be seen by the principal. Several specific rules relating to dress and grooming are:

1. Pupils may wear shorts; however, shorts, skirts or dresses must not be shorter than three inches above the knee. Short shorts, knee gym shorts, spandex shorts, cut-off sweats and cut-off shorts are prohibited.
2. Cut-off shirts are prohibited and midriffs may not be exposed. Mesh shirts without any appropriate shirt under
3. Clogs, flip-flops or other shoes without backs or securing straps are prohibited as they are potentially dangerous.
4. Undergarments must be covered at all times.

The principal will notify a pupil's parent/guardian in such cases as he/she deems necessary when inappropriate dress and/or grooming occurs. Parents will be asked to bring in alternative clothing in such cases.

USE OF MEDICATIONS

The Board of Education disclaims any and all responsibility for the diagnosis and treatment of the illness of any pupil. At the same time, the Board recognizes that a pupil's attendance may be contingent upon the timely administration of medication duly prescribed by a physician. The Board will permit the dispensation of medication in school only when the pupil's health and continuing attendance in school so require and when the medication is administered in accordance with Board of Education Policy.

For purposes of Board of Education Policy, "medication" means any prescription drug or prescribed over-the-counter medicine and includes, but is not limited to, aspirin and cough drops. No medication will be administered to pupils in school except by the school nurse, another registered nurse, or the pupil's parent. Medication must be delivered to the school nurse in its original labeled container by the pupil's parent and must be accompanied by the parent's written request for its administration and by the physician's written and signed statement of the medication's name, the purpose of its administration to the specific pupil for whom it is intended, its proper timing and dosage, its possible side effects, and the time when its use will be discontinued. Medication no longer required must be promptly removed by the parent. An exception is made for pupils with asthma or another potentially life threatening illness, who shall be allowed to self-administer medication when a nurse is not physically present at the scene provided permission for such administration is on file in the office of the school nurse and that it complies with the conditions for granting permission contained in Board of Education regulations.

USE OF SCHOOLS

School facilities of this district will be made available for community purposes, provided that any such use does not interfere with the educational program of the schools or be detrimental to the community as a whole. The sole authority for granting this permission rests with the Board of Education through the Superintendent of Schools.

The procedure for securing the use of school buildings is as follows:

1. Obtain application blanks at the Office of the Superintendent of Schools.
2. Submit completed application to the Superintendent of Schools.
3. Any matter of special fees, conditions or instructions not covered by the application will be stated at the time the application is approved.
4. Certificate of Insurance required.
5. All groups requesting to use district facilities will be notified of the district's decision in writing.

COMPLAINT PROCEDURE

A. Procedural Requirement

Any complaints regarding a teacher made to any school authority by any parent, student, or other person which does, or may, influence evaluation of a teacher shall be processed according to the procedure outlined below.

B. Meeting with Principal

The complainant will be directed to make contact with the Principal of the school who shall meet with the teacher to apprise the teacher of the full nature of the complaint and they shall attempt to resolve the matter informally.

C. Procedure

Step 1

In the event a complaint is unresolved to the satisfaction of all parties, the teacher may request a conference with the complainant and the Principal to attempt to resolve the complaint.

Step 2

Any complaint unresolved at Step 1 may be submitted in writing by the complainant or the teacher to the building principal who shall forthwith forward a copy to the Superintendent. Upon receipt of the written complaint, the Superintendent shall confer with all parties.

Step 3

If the Superintendent is unable to resolve a complaint to the satisfaction of all parties concerned, at the request of the complainant or the teacher, he shall forward the results of his investigation along with his recommendation, in writing, to the Board of Education and a copy to all parties concerned. Upon receipt of the findings and recommendations of the Superintendent, and before action thereon, the Board shall afford the parties the opportunity to meet with the proper Board committee and show cause as to why the recommendations of the Superintendent should not be followed. Copies of the action taken by the Committee of the Board shall be forwarded to all Parties.

D. Special Education

Nothing in this procedure should be interpreted to preclude any person, on the part of a handicapped student, from pursuing resolution as described in NJAC Title 6:28-2.6 and 2.7 at any point in the intervention process.

PLAYGROUND SAFETY RULES

* Pupils are not permitted to leave the fenced in area designated for recess and physical education activities.

Students are not allowed to leave the playground to retrieve any balls or toys that may go into the street. Students will leave and enter the building through their appropriate grade level doors at all times. We are SMART during recess: Safe, Mindful, Accepting, Respectful. And Truthful.

PARENTAL CONFERENCES

Opportunities for Parental Conferences are scheduled during the course of the school year. If you wish to have a conference with a teacher at other times, please write a note to the teacher to arrange a date and time. Do not just "drop in" during the day as this is an interruption of the educational process. In addition, teachers require appropriate preparation for conferences in order to give the most accurate appraisal possible of the student and the work he/she is doing.

LOST AND FOUND

A Lost and Found Box is maintained at each school. Students should check the box frequently for lost or misplaced articles. Unclaimed articles will be donated to charitable organizations. This is done just before Winter Recess, Spring Recess, and at the close of the school year.

CHECK THIS BOX OFTEN!

FIRE and SAFETY DRILLS

Fire Drills and Safety Drills are held twice a month. These drills are held at various times and under varying conditions. Sometimes exits will be purposely blocked to test student and teacher reactions. Our students are taught to leave the building quickly, quietly, and safely.

MISCELLANEOUS

Visitors are required to report to the School Office to secure a visitor badge. Articles to be delivered to children during the school day should be left in the designated area outside of the office. In this way we avoid class interruptions and help ensure safety and security.

PUBLIC NOTICE

Americans with Disabilities Act

The LITTLE FALLS SCHOOL DISTRICT complies with the Americans with Disabilities Act of 1990, Public Law 101-336 (ADA), which prohibits discrimination on the basis of disability. The ADA, as applied to school districts, requires that no qualified individual with a disability shall, on the basis of a disability, be denied the benefits of school district services, programs, or activities. Accordingly, this School District will not refuse to allow a person with a disability to participate in a School District service, program, or activity simply because the person has a disability. This School District will not provide services or benefits to individuals with disabilities through programs that are separate or different, unless the separate programs are necessary to ensure that the benefits and services are equally effective. The School District will not subject individuals with disabilities to discrimination in employment under any service, program, or activity conducted by the School District. The School District will take appropriate steps to ensure that communications with applicants, participants, and members of the public with disabilities are as effective as communications with others. This School District will make reasonable accommodations in policies, practices, or procedures when necessary to avoid discrimination on the basis of disability, unless a fundamental alteration in a School District program would result. This School District will operate its programs so that, when viewed in their entirety, they are readily accessible to and usable by individuals with disabilities.

In accordance with Section 35.106 of the ADA's Title II Regulations, all applicants, participants, beneficiaries, and other interested persons are advised that further information may be obtained from the School District and from the Office on the Americans with Disabilities Act, Civil Rights Division, U.S. Department of Justice, Washington, D.C. 20035-6118 (202) 514-0301 (Voice) or (202)514-0381 (TDD).
