December 21, 2021

Dear Families:

As we all continue to monitor the increase of COVID information across the state and country, I wanted to take a moment to give you a local update.

1. We currently have 7 positive COVID cases across the District.
2. It is extremely important to remember that in order to keep everyone safe and healthy and to continue to provide in-person instruction, it is imperative that you keep your child home if they are not feeling well and/or if they or anyone they have been around is being tested for COVID.
3. Quarantine for those who are non-vaccinated has returned to 10 days with no test or return to school on day 8 with a negative PCR on days 5-7.
4. As we enter into a time where gathering is prevalent, please remember to do so safely. Some tips include open windows, wearing masks, and spreading love in the form of elbow bumps and air kisses.

It is our full intent to remain in-person through our single session day on December 23rd and return to in-person on January 3rd. If during the break you travel and/or come in contact with someone who is exhibiting symptoms or tests positive for COVID, please keep your child home and we will provide virtual instruction.

Thank you for your continued support.

Stay safe,

Tracey Marinelli
Superintendent of Schools
